

REGIONAL DISPARITIES

Côte-Nord

Breaks in services, acute labour shortages, unfilled positions, skyrocketing use of independent workers – the situation in the Côte-Nord is a disaster, both for people living in the region and for health and social services employees.

An 8% retention premium already exists for some localities. Let's give it to health and social services workers throughout the Côte-Nord!

A regional committee to address workforce issues would also be a great way to find our own solutions to regional problems.

Blanc-Sablon needs enhanced benefits in terms of trips out and a better isolation and remoteness premium, and the same is true of the Fermont municipality.

**What is the government waiting for?
We need action here and now. It's urgent!**

**We're done
working ourselves
sick!**
